Please make sure your application and photocopy of your license is clear and legible.

Important Notes:

- 1 Your request will only be processed if all required documents are received and complete. Submitting an application package that is incomplete and/or has missing items will significantly delay the processing of your IDP.
- 2 Your U.S. driving license must be valid at least 6 months beyond the issuance date of your IDP.
- 3 Email or faxed applications cannot be accepted since two passport-sized photographs are required. We do not print nor take photos in-house.
- 4 Tracking information is only available by request at 1-(408) 930-8009. We are not responsible for items lost or delayed in the mail. Domestic & International Express shipping options include tracking and signature upon delivery. Domestic Priority shipping option only includes tracking, which is available by request.
- 5 This International Driving Permit is valid for one year from the date of issuance, and must be carried by you along with your valid U.S. driving license at all times. This permit is not valid while driving in the United States. We do not forward date international driving permits. Date of issuance is the date the permit is processed.
- 6 For up to date driving requirements, it is recommended that required permits are confirmed with the destination country.
